

CELEBRATING THE WORLD INTERFAITH HARMONY WEEK

Palestinian Women 4 Peace organized a two-day workshop for 21 women from Idna town to teach them about the separation of the household trash and the benefits of doing that. Women learned about the 3R's [Reduce, Reuse & Recycle] Rule in environmental protection strategy.

The workshop was fruitful and most of the attendees were happy to participate in this informative workshop. At the end of the workshop, all enjoyed a good meal.
