United Religions Initiative
Appointment of Executive Director
Appointment Details – November 2021
Introduction

We are at an exciting and opportune moment in the life of the United Religions Initiative as we embark on this important search for an Executive Director.

As the largest global grassroots interfaith peacebuilding organization working to promote justice and healing in communities around the world, this is a groundbreaking moment for URI to strengthen its impact and outcomes at all levels. Leading the organization with a core commitment to the values of diversity, equity, and inclusion, the Executive Director will pursue innovative ways to drive transformational change and cultivate and strengthen authentic stakeholder relationships.

Recently, the Global Council appointed an Independent Consultant to assess the URI’s organizational coherence, governance, and evaluation mechanisms. The aim was to reinforce the governance structure, improve performance management, and organizational accountability. As a result of the consultant’s recommendations, strong governance and oversight with increased Global Council empowerment and clear lines of authority have been implemented.

Engaging and supporting an active Global Council through fundraising and strategic advancement, the Executive Director will ensure regional compliance and strong global operations while embedding evaluation and impact measures across the organization. We eagerly anticipate our next stages of sustainable growth led by a dynamic Executive Director who exemplifies integrity, fortitude and sensitivity to lead the organization to the highest standards of effectiveness. The Global Council and Staff look forward to working with the Executive Director to build and steward the organization into its next chapter.

About URI

URI is the largest grassroots, interfaith peacebuilding organization in the world. Its purpose is to promote enduring, daily interfaith cooperation, to end religiously motivated violence and to create cultures of peace, justice and healing for the Earth and all living beings. It is a distributed, decentralized organization that is dedicated to empowering a network of local volunteers in communities around the world, supported by a high performing global staff.

Our Vision: URI envisions a world at peace, sustained by engaged and interconnected communities committed to respect for diversity, nonviolent resolution of conflict and social, political, economic, and environmental justice.

Our Mission: URI is a global grassroots interfaith network that cultivates peace and justice by engaging people to bridge religious and cultural differences and work together for the good of their communities and the world.

Established in 2000, today URI implements its mission of enhancing the capacity of its almost 1,100 local member groups called Cooperation Circles in 110 countries through local and global initiatives. These Cooperation Circles address local issues that impact their communities through community projects focused on 14 action areas. URI’s global support office in San Francisco and 20 regional offices on six continents support its decentralized global network of grassroots groups – providing them with training, mentoring, coaching, communications systems, and connection to a global network. Our Preamble, Purpose and Principles

URI's Preamble, Purpose and Principles are the foundational tenets of our Charter and our global network.

**Preamble**

We, people of diverse religions, spiritual expressions and indigenous traditions throughout the world, hereby establish the United Religions Initiative to promote enduring, daily interfaith cooperation, to end religiously motivated violence and to create cultures of peace, justice and healing for the Earth and all living beings.

We respect the uniqueness of each tradition, and differences of practice or belief.

We value voices that respect others, and believe that sharing our values and wisdom can lead us to act for the good of all.

We believe that our religious, spiritual lives, rather than dividing us, guide us to build community and respect for one another.

Therefore, as interdependent people rooted in our traditions, we now unite for the benefit of our Earth community.

We unite to build cultures of peace and justice.

We unite to heal and protect the Earth.

We unite to build safe places for conflict resolution, healing and reconciliation.

We unite to support freedom of religion and spiritual expression, and the rights of all individuals and peoples as set forth in international law.

We unite in responsible cooperative action to bring the wisdom and values of our religions, spiritual expressions and indigenous traditions to bear on the economic, environmental, political and social challenges facing our Earth community.

We unite to provide a global opportunity for participation by all people, especially by those whose voices are not often heard.

We unite to celebrate the joy of blessings and the light of wisdom in both movement and stillness.

We unite to use our combined resources only for nonviolent, compassionate action, to awaken to our deepest truths, and to manifest love and justice among all life in our Earth community.
